

LED Trip-Proof Light

Application

Hotel, office, shopping malls, supermarkets, hospitals, schools, warehouses, corridor, indoor and outdoor parking, other high energy saving, high RA and high moisture proof place.

Product main feature

This product uses high brightness LED source and constant current driver, reach to stable ,reliable, low power consumption and long lifespan. Light body is made by anodized pure aluminum, the appearance are simple, fashion and fastness. And great thermal management can effectively guarantee the LED working stability. Cover use high transmittance and fireproof PC material, so light uniformity, soft, high efficiency. What's more, products easy to operate, quickly light, no flicker, no noise, no glare, no lead ,no mercury and other harmful substances. And fixture's installation conveniently, accept ceiling and hanging installation. Finally it is IP65 waterproof rating, widely used in many indoor and outdoor spaces, such as warehouses, underground parking, walkways, shopping malls, supermarkets and so on.

Item No.	0.6M	0.9M	1.2M	1.5M
Input Voltage (V)	220-265	220-265	220-265	220-265
Rated Current (mA)	180	270	360	540
Frequency (Hz)	50-60			
Power (W)	20	30	40	60
Color Temperature(K)	2700-6500	2700-6500	2700-6500	2700-6500
Luminous Flux (Lm)	>1800	>2700	>3600	>5400
IP Rating	IP65			
Dimension(mm)	L608*84*46	L908*84*46	L1218*84*46	L1508*84*46

Installation Instructions

A. Make a right position for screw hole

B. Screw the clip on the ceiling tightly

C. electric wire connect to the lamp

D. Install the lamp into the clips

E. Adjust the position of the fixture
